The finality of the Office action dated November 28, 2008 has been removed so that a new rejection can be made.

Claims 1-4, 15, 17-20 and 23-26 are presented for examination.

Applicants' request for reconsideration filed February 5, 2009 has been received and entered.

Accordingly, the rejection made under provisional obviousness-type double patenting over claims 1-7, 9-11, 16-23, 25, 26, 33, 37 and 38 of copending Application No. 11/094,493 as set forth in the previous Office action dated November 28, 2008 at pages 2-3 as applied to claims 1-4, 15, 17-20 and 23-26 is hereby withdrawn.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-4, 15, 17-20 and 23-26 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

This is a new matter rejection.

Applicants' specification does not provide sufficient support for the phrase "**consisting essentially of**". Nowhere in the applicants' specification does the phrase "**consisting essentially of**" appear.

Art Unit: 1614

Claims 1-4, 15, 17-20 and 23-26 are not allowed.
